

AVAILABLE IN TOUCH-UP & AEROSOLS

The ProColor® Touch-Up System and auto & truck aerosols can be aligned to fit any existing shelving configuration. The attractive labels feature brilliant colors designed to draw the consumer's eye to key features and important call out information. We add additional value & flexibility through merchandising strips that provide consumers a quick resource to today's fastest moving colors enabling you to cover 70% of the vehicles on the road today without sacrificing important shelf space.

- **Attractive Labels**
- **Bright Callouts**
- **Merchandising Flexibility**

Merchandising strips hold 12-18 units of the fastest moving colors.

Entire System may be aligned to your existing shelf configurations.
