Matrix System[®] Announces U-22 Hydroplane Sponsorship

Walled Lake, MI – June 23, 2011 – Matrix System Automotive Finishes is proud to announce that for the third consecutive year it is one of the title sponsors for the Webster Racing U-22 unlimited hydroplane during the 2011 race season.

Mike Webster age 31, from the Reading, PA area is the professional driver of the U-22 and has been racing boats since the age of 10. He is considered one of the youngest national champions in the sport and won his first national title at age 15. Webster also won national and world titles in 2004 and 2005 and earned 2009 Rookie of the Year honors.

This year is a different story for Webster Racing as they had one of the busiest off-seasons of all the H1 Unlimited teams, making the trip from their home in Pennsylvania to Madison, Indiana to retrieve the Miss Madison Oh Boy Oberto backup hull to campaign during 2011. Readying the U-22 in time for the opening round in Madison has involved intense preparation and team owners Steve and Sue Webster are looking forward to the possibility of podium finishes during the coming season.

Driver Mike Webster commented on the many changes between the old hull and the new "Oberto" hull, including the built-in fan base for his new ride. The new boat also received a fresh new paint scheme using a combination of Matrix System's single stage and premium basecoat products.

During the 2011 race season Webster Racing will participate in the Madison, IN Regatta - July 1-3, The Detroit Yacht Club APBA Gold Cup - Detroit, MI July 8-10, Lamb Weston Columbia Cup -Tri-Cities, WA July 29-31, Albert Lee Cup at Seafair - Seattle, WA August 5-7, Air National Guard Championship – San Diego, CA September 16-18 and the World Championship - Doah, Qatar November 17-19.

About Matrix System

Matrix System Automotive Finishes, a division of Quest Specialty Coatings, is one of the industry's most successful manufacturers of high quality color, clearcoats, primers, hardeners, and reducers. With an excellent product line, Matrix System has been able to convince body shops once loyal to a particular brand to convert and experience huge cost savings. Today, the AccuShade® Intermix System now leads the product line, giving body shops the ability to make over 103,000 colors with exact formulas and 2.1 VOC compliant products for California and other areas.
